

SECRETARY OF STATE CONTACT INFORMATION

Registration applications may be obtained from either the local election official in your county or city, or through the Secretary of State in your State. In addition, you can also register to vote when applying for a driver's license or identity card at State DMV or driver's licensing offices, State offices providing public assistance, State offices providing State-funded programs for the disabled, and at armed forces recruitment offices. Requirements for registration, as well as for polling times, vary by state so please contact your state office to get the correct information that pertains to your state.

Many States also offer registration opportunities at public libraries, post offices, unemployment offices, and at public high schools and universities. Colleges, universities, and trade schools participating in federal student loan programs also offer voter registration applications to enrolled students prior to general elections.
